# Branchlines

A group of people from Bexhill and the surrounding area have come together to take part in a performance based on their memories and stories of the 1930s, 40s and 50s. Through a series of weekly creative group sessions participants' memories have been transformed into stories that are touching, highly visual and often extremely funny. The performance,

given by members of the group and of Shaping Voices, will include elements of music, singing, dancing and poetry.

This event is the third in a series of sessions funded by the National Heritage Lottery, Rother District Council (Indian Summer Project) and the NHS, for people over the age of 60 living in Rother.
